

MAGNUM INSECT KILLER

SPECIFICATION

Make - Magnum

Size - 2*20 INCHS

Watts- 120

Weight - 2 Kg

Amount - 4,500/- + 18 % + 1% CESS

FEATURES

Insect Killer works by attracting flying **insects** with its high-intensity UV light and octenol lure. As **insects** fly toward the light, they pass through a vertical rod electrified grid and are killed quickly and cleanly. Rugged, weatherproof polycarbonate construction will not rust, crack, or fade.
